Subject: RE: NMP Meeting with ACA Members?

Good afternoon Riaz,

We are interested in meeting with ACA members to check in on the risk management process for NMP. I've pulled together three potential times, please let me know what works and I'll set the meeting up. You mentioned a shorter meeting so these are 30 minutes, but if you prefer an hour I can look for some other times starting in the end of August.

- 1) Monday 8/16 from 3-3:30pm ET
- 2) Thursday 8/19 from 2:30-3pm ET
- 3) Tuesday 8/24 from 2:30-3pm ET

Thank you,

Clara Hull

Hello Riaz

I am sure we would be glad to meet. I am including Clara Hull and Eileen Sheehan here in the office in the response. I think Clara is out till Tuesday, but give us a time to get organized here. And yes, thanks, I am having a nice summer. Hope you are as well.

Subject: NMP Meeting with ACA Members?

Hi Doug:

I hope you are having a great summer. Some ACA members are interested in checking in with EPA on the risk mitigation process for NMP. I was wondering if the risk mitigation manager would open to a short meeting, maybe about ½ hour. We are interested in just getting an update on status from EPA and trying to understand how we might contribute, in addition to what we've already submitted. I am attaching our comment on the draft NMP risk evaluation, as review.

Please let me know if the NMP risk mitigation manager is open to meeting. I will suggest some time week after next, so I can give ACA members adequate notice.

Thank you,
